DRUNK AND DOWN.

Deplorable Condition of a Young Man from the Country.

The new policeman in South Greensboro made his first arrest yesterday afternoon. John Gamble was the victim, being locked up on the charge of drunk and down.

Gamble is a young man from near Pleasant Garden. He came to town yesterday and began drinking. He kept it up until he started home and at that time was "plum drunk," he said. He mounted his horse and got as far as Phipps' store, on Asheboro street when he fell from his horse and when the policeman found him he was lying between his steed's front feet. The officer called a dray and carried the dead load to the lock-up. Gamble waked up two hours later and began crying loudly for his mother and his horse. He is in a pitiful condition, having no money and a good bill of costs. He says he will profit by his first experience however and never touch liquor again. Officer Jordan locked-up another man for the same offence last night. He is an employee in E. K. Huff's blacksmith shop.

IMPORTANT MEETING.

At K. of P. Hall Tomorrow Afternoon at Five O'Clock.

By order of the president a called meeting of the Industrial and Immigration Association will be held Thursday, Sept. 15, at 5 o'clock, p. m., in K. of P. Hall. Every member is urged to be present.

W. M. Barber, Secretary.

[In addition to the above formal call we wish to say that this is a very important meeting and much of the future welfare of the city of Greensboro may depend upon its deliberations. Therefore, all who are interested in pushing Greensboro along are requested to meet with the Association tomorrow afternoon. Let there be a full delegation of the business men and property owners of the city present at this meeting.—Ed. Telegram.]

DO NOT MISS IT.

The Speaking and Barbecue at Goldston, Chatham County.

A splendid opportunity will be offered all who wish to take a day off and spend a delightful time hearing good speeches and eating a good barbecued dinner. On Friday the C. F. & Y. V. Railway will run a special train from this city to Goldston, Chatham county, the occasion being a grand political rally and barbecue at that place. Goldston is a central point for two counties and there will be a large attendance. The fare for the round trip is only \$1.25 from this city.

The dinner will be served by a large number of Chatham's pretty young ladies. This feature alone will be a drawing card. Prominent speakers are billed to speak, among them Hon. Lee S. Overman, C. B. Watson, Major Henry A. London, and A. L. Brooks, democratic candidate for solicitor in this district.

These are all fluent and eloquent speakers; but it will pay any man who has never heard him to make the trip just to listen to Major London. Many of our people have never heard Mr. Brooks in a political speech and have missed a treat by not hearing him.

A Pleasant Social.

Mrs. J. N. Longest entertained a number of young friends last night at her home on Blandwood avenue, complimentary to Misses Shuff and Guerrant, two charming young ladies of Danville who are visiting her. The young people were delightfully entertained. After games and music were indulged in for a short while, delicious refreshments were served in the most charming manner. Miss Guerrant's music deserves special mention. She played several pieces and never failed to bring applause. The evening passed all too quickly for the young people who, when they departed, left many expressions of appreciation for Mrs. Longest and her lovely guests.

New York, Sept. 14.—Gen. Shafter and Gen. Wheeler arrived here today on the same train. Neither knew the other was aboard the train. They didn't see each other and both started to Wikoff. Gen. Shafter was the first to examine the temporary hospital about the depot in Jersey city.

Norfolk, Va., Sept. 14.—Fifty marines of Huntington's command, who were the first to land at Guantanamo, and who were the first in the midnight fight with the Spaniards, were paid off today and discharged from service.

NOW RESTS IN GREENE HILL

The Impressive Funeral Service This Morning.

BEAUTIFUL, TOUCHING, ELOQUENT

Rev. Dr. Smith's Tribute to Judge Dick—Large Congregation—The Floral Offerings.

Pursuant to yesterday's announcement the funeral services over the remains of Judge Robert P. Dick, who died Monday night, were held at the First Presbyterian church today, beginning at 11 o'clock. Erethetolling of the church bell began a large number of friends and admirers of the deceased had assembled at the church and when the funeral party entered the great church was well filled.

The pall bearers were composed of official members of the Presbyterian church of which Judge Dick was a ruling elder, the highest office within the gift of the members of that church. A sweet and solemn march was played by Professor Parker as the funeral cortege slowly filed down the aisle, followed by the casket and members of the family. The members of the bar were present in a body. The official members of the church and the members of the bar each carried in his hands a handsome floral design.

The choir sang "Lead Kindly Light" in a touching manner, and Rev. Dr. Smith read the usual scripture lesson and burial service; then offered a fervent prayer. "Jesus, Lover of My Soul" was then sung after which Dr. Smith spoke in beautiful and eloquent terms of the character, public and private, of Judge Dick. He was an earnest, consecrated christian, zealous in every good word and work. He was devoted to his church, his people and his home. The pastor feelingly referred to these things and spoke of Judge Dick's love for the prayer meeting and Sunday school and the good work and faithful services rendered by him in each of these branches of church work.

Dr. Smith then gave a brief sketch of his public career covering the same ground and stating the same facts as the sketch published in this paper yesterday.

After singing the hymn "How Firm a Foundation Ye Saints of the Lord" a long procession followed the remains of Judge Dick to Greene Hill cemetery, where the services were concluded and the mortal remains of an illustrious citizen, just man and true friend were placed in the tomb to await the final day when the dead shall be raised and the corruptible body shall put on incorruption.

RENOUNCES REPUBLICANISM.

Dr. Perkins Believes that White Men Should Rule North Carolina.

A special to the morning Post from Newport, N. C., dated September 12, says: "I wish, through your excellent paper, to renounce my connection with the republican party. My reasons for doing so are that I believe that white men should rule North Carolina and I was convinced at the last republican state convention, which I am sorry to say I attended as a delegate, that the republican party is composed chiefly of negroes and the trend of this party is to place the negro more and more over the white race. And now I pledge myself to vote and use all my influence for the success of the white man's party."

"L. W. Perkins, M. D."

P. O. Clerk Arrested.

W. H. Holleman, son of Nathan Holleman, republican postmaster at Apex, was brought to Raleigh yesterday by Mr. H. T. Gregory, postoffice inspector, and two warrants were sworn out, one for destroying letters and the other for mailing obscene letter. He gave bond for \$100 and the examination will be held on Saturday before United States Commissioner John Nichols.—News and Observer.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C., Sept. 14, '98.

Twenty-five Catholic Nuns wearing white-winged head-gear passed through yesterday and today enroute to Huntsville and Anniston, Ala. A young man standing near by as they walked over to the Bellevue for breakfast asked if they were angels.

Miss Ettie Mangum who has been spending a few days with Miss Elizabeth Dowd, returned to her home in Chapel Hill yesterday.

News was received here yesterday of the death of Henry C. Bumgartner, which occurred in the hospital at Jacksonville Sunday night. The deceased enlisted in Company K, First Regiment N. C. V., in July, with Edgar Craven of this place. His home was in Hickory, N. C., though he had been living in High Point for many months. He was an employee of the Snow Lumber Co., who speak of him as being one of the best young men that was ever employed by them. He had many friends here who will regret exceedingly to hear the sad news.

It is reported upon good authority that two new factories will soon be built here. One will be a furniture factory, the other a new \$100,000 cotton mill. The men interested are men who do not talk through their hats.

A hospital train passed through here yesterday going north. The windows of the coaches were said to be bullet-proof. Capt. Rankin needs a few windows of this kind on his vestibule coaches to protect him against those hailstorms down in Ashboro.

A call meeting of the board of aldermen was held last night in the mayor's office to consider the erection of the new guard house. The board decided to build the house immediately and let the contract to W. P. Smith. It will be 16x18, with one double steel cell.

We regret that our personal notes were crowded out yesterday for lack of space.

GEN. WHEELER DENIES

The Statement Attributed to Him "That the War is Not Over."

The Salisbury Sun had an interview with Gen. Joe Wheeler yesterday from which we take the following:

The general was shown an article published in the morning papers containing an alleged interview with him at Montgomery, Ala., in which he is quoted as saying the war is not over and that he expected to be called into action again.

After reading the article he read aloud the first line quoted him:

"I do not believe the war is over by any means."

"I did not make that statement," he said, "nor never used those words. I did talk about the war to a gentleman but I didn't know he was a reporter. I am sorry that such reports get out, for they are scattered all over the country."

Continuing the general said, "I do think it will be advisable to keep a number of the volunteers in service until all the negotiations are closed."

TURKS REFUSE TO WITHDRAW

Allege the British Provoked Disorders at Candia.

CIRCULAR LETTER TO POWERS.

A Bad Impression Created in Diplomatic Circles—The Situation Now Peaceful.

By Cable to THE TELEGRAM.

Constantinople, Sept. 14.—The Turkish government has sent a circular letter to the powers—alleging that the British provoked the disorders at Candia, and claiming the present situation was adopted by the powers in Crete, and protesting against the bombardment of Candia. Finally the Porte announces its refusal to withdraw the Turkish troops from Crete in spite of the decision of the admirals that such a step is absolutely necessary. The circular has made a bad impression in diplomatic circles.

NO NEW DEVELOPMENTS.

Candia, Sept. 14.—Bashi and Bazouks have consented to disarm provided the arms are delivered to Turkish authorities. There are no new developments in the situation here, which is peaceful. The Mussulmen say they have decided to accept the ultimatum of the Admiral Noel calling for the disarmament of the populace if the admiral is sure he has sufficient force to overcome Bashi and Bazouks. Otherwise they beg him to wait for further reinforcements.

The Body of The Empress.

Vienna, Sept. 14.—In accordance with the wishes of the Emperor, the body of his wife will be interred beside that of Crown Prince Rudolph. The interment will take place Saturday.

MANLY'S EDITORIAL ENDORSED.

By a Negro District Conference and Sunday School Convention.

Again the negroes of Eastern North Carolina have given Hill E. King, J. L. Ramsey and Hal W. Ayer the gay face and the marble heart.

It will be remembered that these three fine embodiments of truth, honor and virtue recently charged that the Democrats hired the negro editor at Wilmington to write that slanderous editorial about poor white women.

The negro editor then came out in another editorial and denounced them as liars. Now the negro district conference and Sunday school convention of Wilmington has repeated the dose.

The following appears in the Daily Record, of Wilmington, of the 10th instant: The negro paper which recently published a vile slander against white women:

"To the Wilmington Daily Record:

"We, the members of the Wilmington District Conference and Sunday school convention, in session at Lake Waccamaw, N. C., after seeing the bold, yet manly stand that you have taken for our people, yes, our race, especially our ladies, assure you that you have our approval and endorsement and pledge ourselves to ever stand by you to the hazing of our lives. We think you a grand man, we think your paper is the paper that every negro should support as long as she stands forth in the protection of the ladies of our race. May you know that we, sir, have espoused your cause, and we purpose to a man to see that you and your paper shall have our support. Mr. Editor, continue your well begun work in the defence of our race, yes, the fair ones of our race, and this conference pledges to support you and your paper."

"Rev. D. T. Mitchell, P. E.

"E. S. Simmons, Secretary."

It is now in order for the three beautiful herbs—Ayer, King and Ramsey—to get together in mass meeting and pass resolutions declaring that the members of this conference are not Republicans, never have been Populists, and are in the pay and employ of the Democratic party.—News and Observer.

FOR THE WORK IN PARIS.

Also the Army Investigation Committee—Will It Investigate?

By Wire to THE TELEGRAM.

Washington, Sept. 14.—Senator Davis and Whitlaw Reid had a conference this morning obviously for a talk over the mission of the peace commissioners, and probably to orally outline the administration's program for the commissioners' work in Paris.

President Gilman of Johns Hopkins, was an early caller on Mr. McKinley today regarding the army investigation. If the president's explanation and the scope of the commission's duties make it practicable, he is willing to serve. The opinion prevails that the investigation will fall to pieces of its own weight.

Strong Bias Toward Japan.

By Cable to THE TELEGRAM.

Pekin, Sept. 14.—Marquis Ito, recently the Premier of Japan, has arrived at Tien Tsin. It is believed for the purpose of establishing a defensive or offensive alliance. He is charged to examine into the possibility of the recovery, by China, of what she lost and becoming useful as an ally. There is no doubt a strong bias lately among leading Chinamen toward Japan, whose reforms the Emperor of China is attentively studying.

Insurgents Evacuate.

By Cable to THE TELEGRAM.

Manila, Sept. 14.—The Insurgents have evacuated the suburbs today. Colors are flying and there is shouting of "Vive Americans" and "Vive Philippines Libre."

FOOLED.

Republican orators grow red in the face trying to check the stampede in favor of white supremacy and say the democrats have dug up an old and forgotten issue. Not quite that bad. It is true that for some years the cry of "nigger" has been for the most part eliminated from the campaigns. Republican speakers were always so persistent in claiming there was no danger—the negro would never gain control—he would never be given office, that it is just possible that democrats were lulled to sleep.

At the same time the republicans would fool the negroes, too, and tell them to "stick to us; your time will come soon," really never intending that the negro should hold office. The negroes have been the worst fooled people on the face of the globe. There has been some fooling all around. The negroes have at least fooled their white allies; they have demanded and forced recognition for themselves. It is not because "a negro happened to get appointed road overseer down here somewhere," but because they have received the offices of register of deeds, magistrate, constable, deputy sheriff, school committeemen, aldermen, policemen, etc., and have grossly abused their authority, that has woke up the white people of North Carolina.

The white people would willingly have let the much-discussed color line, the hideous black line and the republican-hated white line alone; but when it began to threaten strangulation and destruction to our homes and firesides and our cherished institutions, the white people became aroused and said: Behold! the line is drawn and we be long on the white side; there we will stand and demand that this government shall again be placed in the hands of the Anglo-Saxon race.

For a long time quitted by the republican declaration that there was no danger, there came a division in the white forces and here is where the mischief was done. Men who were life-long friends of white supremacy allowed, aye, aided in this thing; but they were not mindful of the result.

There must be a change. The Anglo-Saxon race will not only control North Carolina, but it will control the world. It is so ordered and it must be done.

Trading and swapping was the order of the day in the re-pop-lican convention here. But the trading and swapping did not end with that convention.

The Durham Daily Record has croaked. It died at the age of twenty-seven days. On Monday it appeared for the last time. Brother Holland says he paid for what experience he got during the life of the paper and that he was satisfied with it. The Durham Sun made an unkind cut when it said: "It is said the good die young."

Mr. Bradshaw will wish before he dies that he had remained in the democratic party—that is, if he lives to a very old age.

THIS IS SOUND SENSE.

On Officer of the Second Regiment Gives His Views.

An officer of the Second regiment, who has taken no part in the clamor for mustering out or remaining in service, sends the following to the Raleigh Post. The position taken by this officer will appeal to all thoughtful citizens as one of good common sense. He writes:

"There has been so much said in the papers regarding the 'wishes' of the officers and men of the Second regiment, as regards mustering out, that it would seem that the time has come for the real feeling of a majority of both classes to be set before the public.

"All the talk, all the wire pulling, either way, by either the officers or men, is essentially wrong. It is undignified and unsoldierly. The men who enlisted did so 'for a period of two years, unless sooner discharged.' They made a contract, in unity, with the government, and no matter what their preferences may be, or their intention or suppositions might have been when they enlisted, they have no right, legally or morally, to raise their voices against the policy of the government that employs them. It is theirs to await the action of the government, solidly and dutifully.

"I believe that this view is the one which most clearly represents the majority of the thinking men—officers and enlisted men alike—in the regiment. Of course, there is a diversity of opinion, but insisting on a preference is by no means a military characteristic. Officers wishing to leave the government's service may resign; enlisted men may make proper and dignified application for honorable discharge through military channels. But it is quite as unsoldierly for an officer to raise his voice to be kept in the service as it is for an enlisted soldier to attempt to bring influence to bear to have his regiment mustered out.

"There is, I think, a wide-spread popular misconception both of the personnel of these North Carolina regiments and of the pay they draw from the government. There are, of course many enlisted men who have given up lucrative positions and comfortable homes; but the large per cent of the enlisted men are today better clothed, fed and paid than they have ever been before. Fifteen dollars and sixty cents seems small, but for the enlisted man everything—food, clothes and shelter—is found. How many clerks in the cities and towns of North Carolina can show this sum at the end of the month, free from debt?

"The truth is, the 'kick' both ways is wrong. It comes from a small per cent of officers—who want pay—and white collar enlisted men—who want pay. Pay is not patriotism; neither is the drawing thereof all of soldiering.

"To keep men and perform duty is the business of a regiment. The majority is disgusted that this state has been so woefully disregarded."

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Howard Gardner.

Election in Maine.

Portland, Maine, Sept. 12.—From returns received up to midnight, it is estimated that the Republican plurality in the state election today on the vote for Governor will be about 20,000—about half the plurality received by Powers two years ago. The shrinkage of the Democratic vote was less than that of the Republicans. The Republicans elected all the senators, but the democrats gained eight representatives. Returns indicate the return of the four republican congressmen, Speaker Reed's plurality being about 4,800.

How to Look Good.

Good looks are really more than skin deep, depending entirely on a healthy condition of the vital organs. If the liver is inactive you have a bilious look; if your stomach is disordered you have a dyspeptic look; if your kidneys are affected you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alterative and tonic. Acts directly on the stomach, liver and kidneys, purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at C. E. Holton's drug store. 50 cents per bottle.

SPANISH APATHY ALARMING.

All Signs in the Cortes Portend a Continuance of Evil Days.

Madrid, Sept. 13.—Friends of Spain have cause to regret deeply the general indifference in and out of parliament to the extremely serious situation. The government is weak; the Chamber of Deputies is comparatively empty; the few members in attendance are indulging in unprofitable recrimination, and the Senate is a mere garden. Senor Silveira, leader of the Conservatives, is silent, and the minority groups in the Cortes have withdrawn altogether from participation in the proceedings. The public meanwhile is scoffing at General Polavieja's well meant manifesto, and all signs presage a continuance of evil days.

With the exception of Senors Capedo, Gamaza and Grolizard, who are ill, ministers held a council after adjournment of the chamber yesterday. The government is greatly annoyed over the scandal in the senate and has taken steps to prevent the same state of affairs in the chamber. An attempt will be made to pass a bill bringing this about.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. Howard Gardner.

In the Bank of England there are silver bars that have lain untouched for 200 years.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure. Howard Gardner.

Blame on Blanco.

Washington, Sept. 12.—A statement was made public today outlining the case Cervera will make before Madrid officials in the court-martial that surely awaits him. Blame will be placed on Blanco, who obtained permission from Spain to order Cervera as he chose. It was Blanco's order that sent Cervera out of the harbor to destruction. Blanco will also be accused of expecting Cervera's death, so that dead he could not answer charges.

A CRITICAL TIME
During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all heroes. Their heroic efforts in getting ammunition and rations to the front saved the day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23rd, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., of Des Moines, Iowa. For sale by C. E. Holton.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

Prohibition Convictory.
A meeting of the prohibition party of the Fifth congressional district and of Guilford county, will be held in the courthouse in Greensboro on Saturday, Sept. 17, at 12 m.
All prohibitionists urgently requested to be present.

Good Country Roads.
"The great secret of success in road making and road keeping is to drain the roads and keep them drained by keeping the ditches open," writes Jno. Gilmer Speed on "How to Have Good Country Roads," in the August Ladies' Home Journal.

"The old method was to run a plow through the side ditches and throw the disturbed soil, sod and all, in the middle of the road. There it would stay until a heavy rain came to wash this soil back into the ditches and fill them up again. If there was money enough this kind of thing would be done over again, as often as four times a year. Where there were wet spots, stones or gravel would be placed in the road and left for the passing wagons to wear this metal into ruts. The money spent was absolutely thrown away.

"By the new process all the road-mender needs to do is to provide the ditches and outlets for same, and then so shape the road that the water falling in a rainstorm will run off at once into the ditches. The water must not be suffered to run in the road, but off the road. The rainfall, being thus simply and effectively disposed of, becomes a most beneficial instead of a destructive agent; it cleans and shapes and hardens the roadway instead of washing it away and deepening the ruts.

"When there are wet places, such as springs, in the roadway, gravel and broken stones will not cure such things. The water must be drained off underneath the roadway and into the ditches by means of pipe or blind drains. The whole thing is so simple that any one can easily master the principles and put the details into practical operations."

THE WAR NOT OVER.
General Wheeler Declares His Belief that the End is Not Yet.

Decatur, Ala., Sept. 12.—Just after the funeral of Cadet Wheeler today General Wheeler made the remarkable statement that he did not believe war with Spain was yet over.

President McKinley, he said, was not sanguine of peace, telling General Wheeler he had no faith that the peace commission would be able to come to satisfactory terms, especially on the Philippine question. Spain would refuse to give up the Philippines, and we could not think of surrendering our acquired rights there.

Anglo-Saxon Supremacy

It is being said that the democrats
are against forcing the old race issue,
or Anglo-Saxon supremacy. This is
not true. This question is now not
only a state issue, it is also a nation-
al issue—yes, international and world-
wide issue. If Anglo-Saxon rule is
purely a democratic measure, then the
whole world is becoming democratic.
Only narrow minded politicians fail to
see that there is a Providence that is
now shaping human affairs that will
finally result in good to all mankind.
So in advocating Anglo-Saxon rule
in the present campaign in this state
we are doing that which will bring
peace to all classes. When Anglo-
Saxon supremacy is fully established
on the earth, the world's peace will be
secured.—Raleigh Morning Post.
